Description

MY 44... Call her now... MY6

The MY6 captures the essence of Fountaine Pajot Motor Yachts promise: to widen your horizons.

With a length of 15 metres, the **Motor Yacht MY6** has two steering positions in the saloon or on the flybridge. With its dual engines of up to 2 x 353 Kw and 2 x 480 hp, its power output promises you the emotions of dynamic sailing with the benefit of an extremely stable structure, even at high speeds. Equipped with the Volvo 500 or 650 IPS system, the MY6 makes manoeuvring easier with the ability to move laterally with a simple push of the joystick. You keep control of its power in all circumstances.

Our designer, PierAngelo Andreani, has developed **extraordinary volumes** for the MY6 equivalent to those that a 20-metre monohull would offer. The living space on board, evocative of a holiday home, is simply breathtaking: its huge flybridge offers a superb view on the horizon, its saloon, an actual loft with its own terrace, boasts a spacious lounge and a kitchen that opens directly onto the cockpit.

The MY6 is remarkable for the seamless circulation between inside and outside. In the passageway, the private spaces, all with a full view of the sea, combine intimacy and pleasure: an impressively sized Owner's Suite on the port side, two VIP bedrooms on the starboard side and an optional cabin at the front, (otherwise used as storage spaces). The **Motor Yacht** MY6 is set to satisfy your wildest demands for the highest level of comfort. The aesthetics designed by PierAngelo Andreani is captivating with its **modern lines**, **blending beautiful materials**, and definitely makes the MY6 an **essential reference in the Motor Yacht world**.

The MY6 is available with an Owners suite and its ensuite bathroom, two double cabins each with ensuite bathroom.

The MY6 offers unique technical specificities and sleek lines, enhanced by the sophistication of life on board.
